

Secretary of the Navy Denby, wearing the Masonic apron once owned by George Washington, at the laying of the cornerstone for the world's largest Masonic Temple in Detroit. The Secretary represented President Harding at the ceremony. International.

Little Joan Elmer Woodbury, recently adjudged California's 100 per cent. perfect child, in her costume as queen of the Flower Show in San Francisco. Bushnell.

A portrait of Miss Helen Cutter by Della Shull, a New York artist, who is showing some of her work this week at the Ainslie Galleries. Tuley.

# A new use for Lux

*Brings longed-for relief from the three-times-a-day reddening of the hands*

INTO the dish pan three times every day — washing with harsh soap — naturally your hands redden and grow coarse.

Don't let them show tell-tale traces of dishwashing.

Wash your dishes with Lux. It gets the china sparklingly clean and it preserves the softness, the delicate texture of your skin.

Women themselves discovered this use for Lux. Women who for years had been getting such satisfaction from Lux for silks and woolsens tried it for washing dishes.

Thousands of letters have come in to us saying that Lux suds leave your china beautifully clean and at no cost to your hands, and asking us why we never mentioned it.

Lux contains no free alkali or any other harmful ingredient. It is as easy on your hands as a fine toilet soap.

Start using Lux today for washing dishes. Lever Bros. Co., Cambridge, Mass.

# LUX

FOR WASHING DISHES

Just a tablespoon to a pan. A single package does 44 dishwashings — all the dishes for more than two weeks.

Lux leaves your glassware sparkling without a trace of soapy film — your silver lustrous, your china spotlessly clean.

## "One Burner Does the Work of Two or More"

Double or triple the quantity of cooking with the same amount of gas! Think of the possible saving! Yet that is but one of the many improvements in this latest type of gas range.

### VULCAN SMOOTHTOP

COMPACT CABINET GAS RANGES

The smooth, enclosed top retains heat usually wasted, prevents tipping of pans, keeps grease from burners and makes cooking more comfortable and convenient.

Though with greater cooking capacity less space is required. Gracefully designed.

Finely finished. It's a beauty in every way and is just as good as it looks.

But remember! You cannot get Smoothtop results by placing a solid top on your range. There is only one Smoothtop, and that is scientifically constructed for this purpose. It's the VULCAN.

See the interesting Smoothtop demonstration of three vessels steaming with but one burner going.
